Today, we celebrate the victory of Christ over death. As we witness the Resurrection of our Lord today, we are commissioned to go and announce to the world that death could not hold our Lord Jesus Christ captive. He is alive, and we who have been baptized into his death have been given the grace to be alive in him and to proclaim the goodness of the Lord to the whole world. The celebration of Easter is to remind us of the power of God that is capable of turning debilitating, devastating and disheartening situations around and giving us hope in Christ Jesus. Easter is indeed the celebration of the power of God that turns human failures and defeats into success and victory. Once death could not hold Jesus captive, we who are buried into his death through baptism will also not be held captives by the powers of this world who seek to destroy us. Easter is simply an event by which humanity shares in the goodness of God through his son, our Lord Jesus Christ. The resurrection of Christ will always be experienced by the world through us if we accept to be the light of the world. If we are convinced that we are truly people of Easter, then let us go forth in the new life we have received from the risen Lord to manifest the glory of God to all the people around us, and the light of the Resurrection will continue to brighten the lives of many, making the world a better place to live in. – Father Emmanuel
